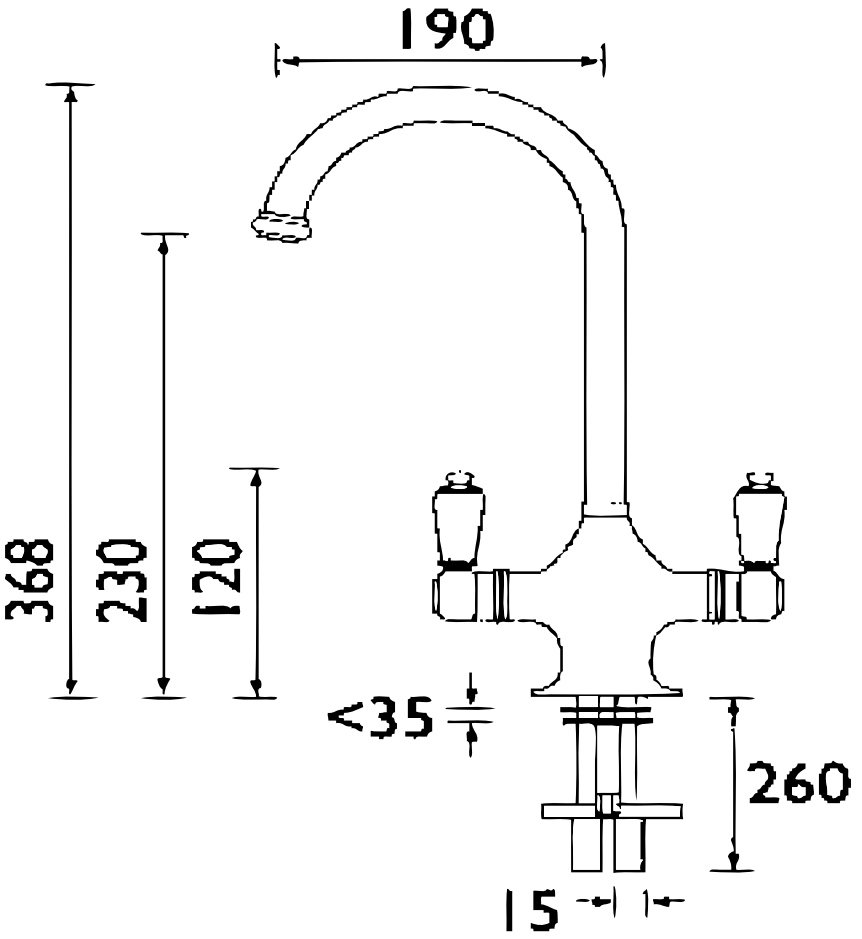
Monobloc Kitchen Mixer

(RE55-CP)

traditionaltap.co.uk

Specifications (MM)



INSTALLATION INSTRUCTIONS

Fix the mixer to the sink using the horse shoe plate fixing kit. The full rubber washer goes between the fitting and the sink, and the horse shoe shape rubber and metal washers on the underside of the sink to be secured by the threaded rod and nut.

Fit the tail pipes to the fitting and connect the hot and cold supplies.

Fully open the valves, letting it run for a few minutes to check all joints and connections for leaks.

Water Pressure:

Min pressure 50 KPA
Max pressure 500 KPA
